OFFICIAL COMMUNICATION :
Parasitec Paris 2020 is postponed to 2021.

Dear All,

PC Media, organizer of the Parasitec show, announces that its 2020 edition, initially scheduled for November 18, 19 and 20, 2020 is postponed to **November 17, 18 and 19, 2021** at the Paris Event Center.

Response to many uncertainties of the health situation we have decided to postpone Parasitec 2020 in order to benefit from more suitable conditions for the smooth running of the exhibition. Your health, that of your employees, your partners and the visiting public is our priority.

It is a difficult decision to make, but not all of the conditions are in place today for this event to proceed in the normality of professional meetings. We have no doubt that all the exhibiting companies will be present, again, from **November 17 to 19, 2021** to participate in the leading trade fair for Pest Control in Europe. Our desire is intact to make this 19th edition an exceptional success.

We thank you for your understanding and for regularly renewing your support during this unpredictable time.

Edouard Kabouche
Exhibition Director
